

# CANTILEVER GRAB RAIL

## 3840/3842/3844

## 3841/3843/3845

Stainless steel  
100 kg load capacity  
2-year warranty

The cantilever grab rail is designed as a solid and comfortable support aid, providing users with additional stability and confidence in public and commercial restroom facilities. With a load capacity of up to 100 kg, the grab rail contributes to a safe and stable experience when the user sits down or stands up.

### Technical data

### Application

The cantilever grab rail for public and commercial restrooms is primarily designed to enhance safety and accessibility for people with limited mobility or older adults. It is built to be robust and comfortable, ensuring a safe and secure experience for users.

Can be combined with all DAN DRYER product lines: BJÖRK, LOKI, TAPS, and Stainless Design.

### References

Offices and administration, shopping centres, restaurants, hotels, airports, sports facilities and swimming pools, schools, public institutions, and cultural centres.

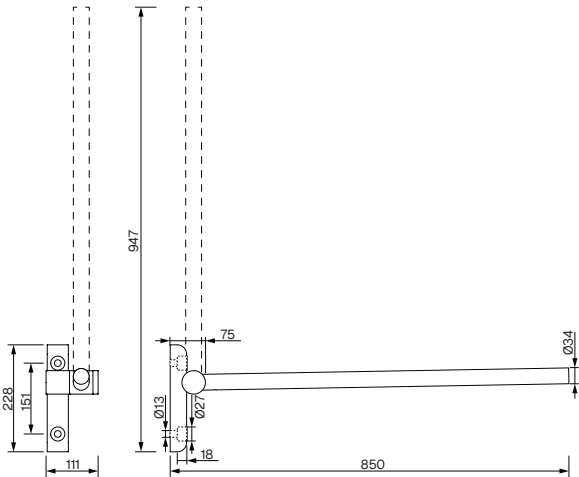

### Installation

Wall mounting. When selecting screws for wall installation, the type of wall must be taken into account. Consult your local hardware store for advice on the appropriate fasteners for your specific wall type.

### Standard colours:

Prod. No.: 3840, 3841: Stainless steel.  
Prod. No.: 3842, 3843: Optional RAL classic colour.  
Prod. No.: 3844, 3845: Selected PVD colour.

The foldable grab rail can be folded up against the wall when not in use.
