WELCOME TO THE 2026 UMBRA CATALOG

As Umbra marked its 45th year, we navigated an extraordinary period defined by disruption and challenge. Crippling tariffs in key markets, global uncertainty, and cautious customers tested the industry, but each day these realities were met with resilience, experience, and the ability to adapt quickly from of our expert global team, alongside the support of our wonderful retail partners.

We are proud to share that Umbra has not only endured but continued to thrive. As you will see throughout this catalog, our commitment remains unwavering: to deliver thoughtfully designed, high-quality products that bring excitement, value, and purpose to everyday living.

Thank you for your continued trust and support. We look ahead with optimism and gratitude, inspired to do even better in the years to come.

Les Mandelbaum
President & Co-Founder of Umbra

THE UMBRA STORY

In 1979, friends Les Mandelbaum and Paul Rowan transformed a simple window shade into a beacon of modern, accessible design and in doing so began Umbra out of Toronto, Canada. The name was fittingly derived from the latin word for "shade" and now inspires homes in over 120 countries with offices from Europe to China.

Driven by innovation and a passion for creativity, our team of international designers redefines everyday items with a bold approach. In 2007, Umbra's commitment to accessible design was further showcased by the opening of its flagship store in downtown Toronto—a center of creativity where design enthusiasts gather to connect with our visionary products. Umbra continues to evolve, proving that original design can indeed be a part of every home.

Eco Friendly

Our double-leaf Eco-Friendly icon appears on many of our products. It highlights items and packaging that have been thoughtfully designed with sustainability in mind—from responsibly sourced materials to efficient manufacturing processes and reduced-impact logistics.

Ocean material is produced through a sustainable recycling model that collects, recycles, and repurposes marine plastic waste. By partnering with coastal collector communities and employing ethical collection practices, mismanaged waste is transformed into a valuable resource—one that upholds the highest standards of environmental responsibility and ethical integrity.
